Hi Josh,

Good catch. Please see update as the latter statement is correct. Glendale Oil Co. only operates three wells in the Strand Oil field, Kern County.

Hi Jason,

I just looked at the letter you generated and I believe there is a typo. It says Glendale Oil Company *does* own or operate any oil and gas facilities...

Is this a true statement? You go on to say all operations are in Kern County. If not would you like to revise the letter?

Thanks,

Josh
